Location: Myopia Hunt Club

General Information

“The purpose of hound shows is to promote interest and provide the information essential in breeding of a pack of foxhounds. A hound show should provide the opportunity to gain knowledge in many areas, to evaluate the quality of hounds, and by discussion, both formal and informal, to exchange ideas, not only in the showing of hounds, but also on the many other areas that are essential to the sport of foxhunting.” –Introduction to *A Guide for Hound and Puppy Shows*, MFHA 1997

The Junior Showmanship classes introduce youth to foxhounds and the show ring. It is a great opportunity for youngsters to learn about hounds, sportsmanship, and conduct in the ring.

As always, we value the opportunity to learn from the judges, the hunts, the handlers, and from the hounds themselves. We may think we come together to evaluate hounds, but we leave knowing a lot more about ourselves. We are inspired, enlivened, and we have fun. Please plan to join us for a day of sportsmanlike competition and camaraderie.

Hounds may arrive after 7:00 a.m. Complimentary coffee and light refreshments will be served at 8:00. The Show Secretary will be available at 8:00. The show will start promptly at 10:00. The lunch break will be announced.

The Myopia Hunt Club requests appropriate attire for all competitors, spectators, and guests (e.g. no jeans, no T-shirts). Please pass this information on to members of your hunt, staff, and guests who will attend the show.

Special Notices

- In order to prevent exposure to diseases, including canine brucellosis, bitches in whelp, bitches that have whelped within the last sixty (60) days, bitches that have aborted and bitches in season are NOT permitted on the show grounds. This applies to all hounds.
- The MFHA does not approve of the procedure of ear cropping or "rounding" and urges all its members to cease the practice.

General Conditions

1. All hounds entered in this show must be American, English, PennMaryDel, or Crossbred foxhounds belonging to packs recognized or registered by the Masters of Foxhounds Association. Entered Hounds must have been accepted by the Keeper of the MFHA Stud Book. Unentered hounds must be eligible for acceptance by the Keeper of the Stud Book, have been whelped after the first of December two years prior to the current year i.e., Dec 1, 2016), and which are fully intended to be entered hounds at the proper time.
2. In classes for entered hounds, Masters must certify that each entry is a good hunting hound as demonstrated by its working ability in the field with the pack. All hounds must be named, giving hunt and date of entry for entered hounds as well as hunt and date of entry of both sire and dam of all hounds. If a hound is entered in more than one class, this information need be given only once. Individual hounds need not be named in the pack class. In classes for unentered hounds, Masters must further certify that it is their intention to enter these hounds into the pack this autumn.
3. **Drafts:** Hounds drafted from other hunts may be shown in all classes. All unentered hounds should be listed under the name of the hunt that is showing them. A drafted hound should have this status designated by checking the “drafted” column next to its name on the entry form. The hound will be judged as all others in the class. Drafted hounds that win a championship class—*unless bred by the hunt showing that hound*—will not be recognized by the MFHA and therefore shall not be eligible to compete in the Best Couple or Best in Show classes. Should a drafted hound or couple of hounds win a championship class, the next placing non-drafted hound or couple will compete in Best in Show classes, *unless said hound or couple was bred by the hunt showing those hounds*.
4. Any dog hound shown in any class must have both testicles. Spayed females are not permitted. Exception: Classes 21 and 42 (see rule 20).
5. Each hunt is allowed to name six (6) substitute hounds that will be assigned numbers. If, at the last moment, it becomes necessary to show a different hound rather than the original, a substitute hound may be used. The Show Secretary should be informed of intended substitutions the evening prior to the show.
6. Kennel coats must be worn by all exhibitors while in the ring. Discreet hunt logos on left breast are permitted. Bowler hats are requested while showing English hounds and hunt caps for others. Kennel coats are acceptable for the pack class, to be shown by the huntsman and one whipper-in only.
7. English hounds may be shown off leads. American and Crossbred hounds may be shown off lead at the option of the judge.
8. Dry biscuits are acceptable; liver is not.
9. Dogs not entered in the show are NOT permitted on the grounds.
10. Kenneling with bedding will be provided for visiting packs at no charge. Exhibiting hunts must provide their own feed, feed pans, and watering pans. Please note on your entry form the number of kennels requested. Overnight kenneling facilities are available.

16. **HSPT:** All hunts showing at a MFHA sanctioned show must be members of HSPT. Hunt dues are \$100.00 per year. Please submit a photocopy of your current HSPT Hunt membership card with your entries. Hunts that have not paid their HSPT dues will not be allowed to compete.
17. **Championship Classes:** In a championship class, all first place winners will be called in. The winner for that group shall be named Champion; second to the winner shall be named Reserve.
18. **Couple Classes:** All couples must be either both drafted or both registered dogs or bitches for the sake of recognition in the final "Best of" classes.
19. **Pack Class:** Open to professional and amateur huntsmen. The pack class will be conducted in accordance with the 2009 MFHA "A Guide for Hound Shows and Performance Trials." A reminder that when the judge calls for your pack, the Huntsman should introduce him/herself and whip to the judge and say "These are my hounds."
20. Spayed females and neutered males are eligible for classes 21, 42, and 49. This allows smaller hunts with non-breeding hounds to show the quality of their pack where siblings, sires and dams may still be available for breeding.
